PREFACE:

For new and small businesses, finding all the legal information for licensing purposes can be very difficult. That's why our organization came up with a document that is made for, and designed for, ease of new business entities.

If you are looking to open or do business in a particular county, simply select your county of interest from the table of contents. From there, you will be automatically taken to the selected county's business licensing information on the particular page within the document this information can be found. License information is listed alphabetically for municipalities, towns, and cities. To access any of these documents, simply click on the underlined text which will direct you to the selected license or information link.

If you have any questions or difficulty accessing a business license, do not hesitate to reach out to us at: 1-800-824-5274 or at info@csal.bbb.org.

INTRODUCTION:

Welcome to BBB Serving Central and South Alabama's Business License Guide.

Over the past year our organization has fielded many calls and inquiries from businesses asking for information on how to get the proper licenses to operate their businesses. These requests caused us to begin to collect information from municipalities and counties about their licensing requirements.

Our team collected data for 54 counties and our goal is to make it as user friendly as possible. We hope you will find it helpful as you work towards building your business. We are hopeful to add the remaining 13 counties in the near future.

The role of BBB is to promote trust, ethics, growth of the business community, and consumer education and advocacy. In Central and South Alabama, this Business Licensing Guide is one of the ways we are supporting the growth of businesses within our state, adding value, as well as exceeding community expectations.

It is our intent to continue to update and maintain this guide consistently. We welcome your feedback and suggestions for improving the guide.
